

FRONT-END DEVELOPER

FEDOSOWA VICTORIA

PERSONAL PROFILE

Hello, I am a person who has a strong passion for programming. I have experience in creating SPA with React/Redux/TypeScript. Now I am improving my skills in this direction and expanding them with new technologies. I spend my leisure time on programming tutorials, codewars and improving my English. And also I have interest to design. Open for your suggestions.

EXPERIENCE

TRAINEE, iTechArt Group

2.5 MONTHS

Free internship (Minsk):

Website for buying and downloading games (like Steam). I was engaged in setting up Webpack. I developed CRUD login, games home page, products page and sorting by products, user account and admin account. Worked with portals and forms (and their validation),

implemented Jest tests and Snapshot tests. I tested my queries with Postman. Used in my project Linters, such as: ESLint, StyleLint, Prettier, Husky. Developed the About page in which it was possible to view in detail information about the game and its rating. I got acquainted with GitFlow and applied this concept to my project.
